

# PARACHUTE DROP

## CAMP FIRE AT HOME ACTIVITY

*Participants will be given a range of materials to test out and see which design is best at slowly floating to the ground!*

---

### **Materials:**

*String or yarn*

*Paper*

*Tissues*

*Plastic*

*Paper clip or Lego Person*

*Tape*

*Any other items you want to add!*

### **Steps By Step**

1. *Have the participants choose an item as the parachute fabric, they can decorate it if they want!*
2. *Tape the string in the four corners of the parachute and tie loose ends together at the bottom.*
3. *Tape the paperclip to the bottom of the string.*
4. *Hold above head and let go!*
5. *Time how long it takes to drop and test different sizes and materials to find the best option!*
